Why Friends & Families Love It

Global trends indicate vacationers are moving more towards outdoor and open spaces, instead of traditional 4-walled hotel holidays. This is where we come in. The pace of the holiday is for you to choose, and Atali is here to stay. Our comfortable 22 cottages

include 3 family units, and offer tranquillity, as well as privacy.

Kids love it for the number of options - the outdoors, the pool, the climbing wall, the kayaking, making sand castles at Camp Silver Sands, the High Ropes Course (4 feet +), and river rafting on the Ganga. With your group of friends, you would be hard pressed to find so much to do, on any other holiday. And, you can be cool doing this with your kids too, or appreciate the me-time you gain while they are busy.

TRAVELLERS' CHOICE 2013

Before you Book, Please Read :

Our property is an oasis surrounded by Reserved Forest, and it is a thorough privilege to be so close to nature. If you book, come with the purpose of living in the valley of India's holiest life force, the Ganga, for the call of the barking deer, or the midnight roar of the leopard ; and for that lovely dull ache after a busy day in the great outdoors. This expectation will help you enjoy your holiday better, and we appreciate guests who realise this opportunity to commune with nature.

- **80% of the property is built on a hillside, and you will have to walk a series of steps to reach your cottage. If your group includes infants, small kids and infirm elders, do request for cottages closer to the Cafe.**
- **We do not have room service or TV's in our rooms.**
- **We will replace bed linen & towels once every 3 days. We are in the Himalaya, where water is in perennial shortage. We appreciate your sensitivity to our location.**
- **We don't have a spa / massage therapist, yet.**
- **We are happy to host your maids as part of your family, at standard rates.**
- **2 of our 3 family units are double-storied on a single structure, and not interconnected.**
- **Our White Water Café operates only during regular meal times, not 24X7**
- **We do not allow loud music, DJ nights or personal music in central areas**

FAQ's Before You Book.

Atali, Ganga let's you indulge in an outdoor experience like never before. We'll make you raft, climb, hike, bike, kayak and much more. All this in ONE vacation and from the comfort of our new 'ACTIVOTEL'!

Where is Atali, Ganga located?

We are spread over 5 acres of hillside overlooking the Ganga and surrounded by reserved forest, 30 kms from Rishikesh on the Badrinath road in Uttarakhand.

What exactly does Atali, Ganga offer ?

We have 22 air-conditioned independent cottages including 3 family units, a café & restaurant, conference room, swimming pool, climbing wall and a high ropes course. We are an 'activotel' and offer holidays built around outdoor activities to keep you busy from all day. All our activities are conducted by qualified Activity Officers (AOs)

Is Atali, Ganga for my family or my team?

Atali, Ganga is ideal for families, schools and organizations who want to experience the great Indian outdoors from the comfort of a resort setting.

We are built on a hillside and all cottages involve a bit of a climb to reach. But we are sure this will add to your outdoor experience.

We have no TVs in our rooms. But there is one in our lounge for big match days, movie screenings etc.

Since we are surrounded by reserved forest, we discourage loud music, and appreciate if you do the same. Unplugged performances are welcome.

What about the Kids?

Kids with a sense of fun and adventure will love being here and we promise they will not want to go back.

We offer structured and supervised outdoor activities for kids above 6, including climbing, hiking, kayaking, pool time, birding and astronomy.

We also have tons of indoor games and books for kids of all ages.

We do not offer structured activities for kids below 6 and they should be under the supervision of at least one parent at all times given the hilly terrain.
