

# FREE HOME ENERGY WORKSHOP

- Learn How to Save Energy in Your Home
- Tips for Do-it-Yourself Energy Saving Projects
- Tips about air sealing and insulating your basement, walls and attic.
- Gain a Better Understanding of Building Science
- Learn about the *Home Performance with ENERGY STAR* Program

## Information about the Home Performance with ENERGY STAR program

Increase your home's value and save on your energy bills by taking advantage of the Home Performance with ENERGY STAR program.

Visit [NHSaves.com/homeheating](http://NHSaves.com/homeheating) to test your home's level of energy efficiency to see if you qualify.

- You may be eligible for a \$450 home energy audit at a cost of just \$100.
- You may also receive an instant rebate of 50% up to \$4000 for energy improvements.
- You could also save up to 20% on heating and cooling bills.
