CCHS Exam Schedule

Session - Time	Tues., Jan. 19	Wed., Jan. 20	Thurs., Jan. 21	Fri., Jan. 22
1 - 8:25 – 9:45 **Report at 8:15**	Religion	Math	English	Make-up Exams
2 - 10:05 – 11:25 **Report at 10:00**	Social Studies/ Second Math	Foreign Language	Science	

My Personal Exam Schedule

Course/Section	Day/Date	Session	Room	Proctor

Exam Prep Tips:
- Organize your notes for each class including any handouts, tests, etc.
- Make note cards and/or rewrite your notes.
- Do not try to cram the night before!!
- Get a good night's sleep.
- Eat a good breakfast.
- Take the exams seriously – they count as 20% of your semester grade. (see reverse)
- Bring #2 pencils, pens and a calculator (if needed).
- Use the extra time on the half days to study!

Things to Know:
- All students are required to clean out their lockers (and notebooks) by the end of the 1st semester.
- On exam days, report directly to the testing room – there is no homeroom.
- Each exam session is one hour and twenty minutes long.
- There is a 15 minute break between sessions – use the restroom!
- If you do not have an exam during any session, you must report to the Dining Hall.
- If we have a snow day, the order of the exams does not change.

Absence:
- If you are absent on exam day, your parent must call school and you must bring in a doctor's note to verify the absence. You will not be permitted to make up exams without a note from a doctor. As usual, your note must be sent to Room 114.

Transportation:
- Buses will pick you up in the morning at your regularly scheduled time. They will be here to take you back home after the last session.
- There will be no transportation on the Make-Up day (Friday).
- If you do not have a first session exam, you must go to the dining hall or you may find your own transportation and arrive to school late. If you do not have a second session exam, you must go to the dining hall or you may find your own transportation and leave early. You may not go to your locker during the testing sessions.

How much do Exams count?
How can I know my Semester Grade?
How can I know my Final Grade?

1ˢᵗ Semester Grade		*2ⁿᵈ Semester Grade*	
1ˢᵗ Q Grade:	40%	3ʳᵈ Quarter Grade:	40%
2ⁿᵈ Q Grade:	40%	4ᵗʰ Quarter Grade:	40%
1ˢᵗ Sem Exam:	20%	2ⁿᵈ Semester Exam:	20%
Semester Grade:	100%	Semester Grade:	100%

Formula to determine 1ˢᵗ semester grade: $(1^{st}QGr * .40) + (2^{nd}QGr * .40) + (1^{st}SemExam * .20)$

Formula to determine 2ⁿᵈ semester grade: $(3^{rd}QGr * .40) + (4^{th}QGr * .40) + (2^{nd}SemExam * .20)$

Formula to determine Final grade for the course: $(1^{st}SemGr + 2^{nd}SemGr)/2$

Examples of how your exams can affect your grades:

1. Student #1 and Student #2 earned the same grades for 1ˢᵗ and 2ⁿᵈ quarters. Student #1 thought that he was prepared for exams because his grades were very good, and he did not study. Student #2 did not want to take any chances so he prepared diligently for his tests. Here are their grades:

		Student 1	Student 2
1ˢᵗ Quarter Grade:	40%	90	90
2ⁿᵈ Quarter Grade:	40%	93	93
Exam Grade:	20%	48	98
1ˢᵗ Semester Grade:		82.8 (83)	92.8 (93)

Student #1 did not do well on his midterm exam, and his semester grade dropped significantly. On the other hand, Student #2 was able to maintain the average for the semester.

2. Student #3 and Student #4 earned the same grades for 1ˢᵗ and 2ⁿᵈ quarters. Student #3 figured the exam wasn't going to make a difference, so he didn't study. Student #4 was hoping that a good effort on his exams could only help, so he asked for help and studied for his exams. Here are their grades:

		Student 3	Student 4
1ˢᵗ Quarter Grade:	40%	76	76
2ⁿᵈ Quarter Grade:	40%	80	80
Exam Grade:	20%	53	86
1ˢᵗ Semester Grade:		73	79.6 (80)

Student #3 did not do well on his midterm exam, and his semester grade dropped significantly. On the other hand, Student #4 was able to maintain the average for the semester.
