

Achieving Large Scale Change through Collective Impact

Collective impact is a powerful approach to cross-sector collaboration that is achieving measurable effects on major social issues. This presentation will provide an overview of the collective impact approach, including examples of how communities are achieving large scale change through collective impact in health and other sectors.

Wednesday, Aug. 26
Noon – 1 p.m.

Duncan Building, Floor 8, Elevator Q,
Conference Center, Rooms 5 and 6

John Kania, MBA
Managing Director, FSG

John is a Managing Director at FSG with twenty-five years of experience advising senior management on issues of strategy, leadership, assessment, and organizational development. John has led dozens of collective impact and strategic planning efforts for foundations, nonprofits, and corporations. He is a leader in FSG's intellectual capital development related to collective impact, including co-authoring *Collective Impact*, the seminal article on the topic.
