Limited Availability

Potato Business School

- **Transition Planning: What will happen with my Farm?**
How do I transition the operation to the next generation? What are the best options financially? The steps to help you through the process of transitioning your "life's work" will be discussed. *(Steven J. Troyer, EideBailly)*
- **Understanding the Potato Business in Europe – what can be applied to my operation?**
Looking for the latest practical know-how on all aspects of the potato production chain. This course gives you an overview of variety selection, (seed) quality management, fertilization, crop protection, mechanization, storage, and farm management. *(Dim-Jan de Visser, Tolisma-Griesnich)*
- **Think Different: Solutions for Tomorrow's Farming Challenges**
Tomorrow's farming demands solutions that are smarter, more economical, more profitable, and easy to use – Spudnik strives to meet these challenges. Join in a short overview of Spudnik's latest innovations and tools. *(Evan Steel, Spudnik)*

Equipment Show

See the latest range of products in potato and sugar beet equipment and take the opportunity to talk to the engineers.

Appreciation Dinner

As a small token of our appreciation of your continued support, join us for dinner served from 6 – 8pm.
