

Optic-Plus™

Dietary Supplement

For Healthcare Professionals Only

Targeted Nutrition for Eye Health

Ocular health is dependent upon many factors. As we age, we become susceptible to vision irregularities due to environmental exposure such as Ultraviolet (UV) light, poor lifestyle habits and dietary inadequacies that can have a negative impact on eye health.

UV light can negatively impact the eyes, especially the cornea and lens. The UV light initiates free-radical damage which has been associated with macular degeneration, glaucoma and cataract, all conditions commonly seen and increasing in persons over the age of forty. In fact, age-related macular degeneration (AMD) affects the macula of the eye and is a leading cause of vision loss in people over 60 years of age. Other risk factors include smoking, obesity and diabetes.

Specific nutrients can play an important role in ocular health. Certain important antioxidants can scavenge free-radicals, reducing the risk of oxidative damage to the lens and cornea of the eye. Key carotenoids, especially lutein and zeaxanthin, protect against oxidative damage and are linked to reduced risk of AMD. Lutein and zeaxanthin form the pigment that absorbs the macular damaging "blue light."

Vitamins C, E, and riboflavin have all shown to be protective against age-related ocular decline, as have important minerals such as zinc and selenium. Vitamin A's role in ocular health has long ago been established, and anthocyanidins from bilberry extract have been shown to contribute to visual acuity.

Optic-Plus™ from Biotics Research Corporation supplies these and other nutrient factors important for eye health.

Supplement Facts

Serving Size: 2 Capsules Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin A (as natural mixed carotenoids, palmitate)	5,000 IU	100%
Vitamin C	120 mg	200%
Vitamin E (as d-alpha tocopheryl acetate)	30 IU	100%
Thiamin (B1) (as cocarboxylase)	3.75 mg	250%
Riboflavin (B2) (as riboflavin-5-phosphate)	4.25 mg	250%
Zinc (as zinc glyconate)	15 mg	100%
Selenium (as selenomethionine)	70 mcg	100%
Copper (as copper gluconate)	1 mg	50%
Citrus bioflavonoids	50 mg	*
Bilberry extract (25% anthocyanidins) (from fruit)	40 mg	*
Lutein (from marigold)	10 mg	*
Zeaxanthin	2.5 mg	*
Superoxide Dismutase (from vegetable culture †)	20 mcg	*
Catalase (from vegetable culture †)	20 mcg	*

*Daily Value not established

Product #: 3024

Contains: 60 Capsules

NDC: 55146-03024
