

## Veterans Success Story

Worcester Workforce Central Career Center veteran representative, Tom Forhan, has been working with a homeless veteran with health concerns. Over the past several months Tom has worked with him and Operation A.B.L.E to secure subsidized employment. Operation A.B.L.E, (Ability Based on Long Experience) is a program assisting older workers in Worcester, Middlesex, Norfolk, Essex and Suffolk Counties. The program is funded through the federal Senior Community Service Employment Program (SCSEP) a training program designed to help older workers earn income while upgrading their employment skills. Since visiting the career center and utilizing our services, this veteran is now been employed and has been able to transition from a shelter to his own place and is working with a local non-profit to secure a non-subsided position.
