

# ~~UN~~FAIR

Do you think it's fair for someone to be denied the home of their choice because of their race or disability or because they have kids?

## Help us end housing discrimination. Become a fair housing tester.

**Housing discrimination** occurs when someone is denied housing based on his or her race, gender identity/sexual orientation, national origin, religion, children or family status, disability, age, veteran status, source of income, and more.

### Housing discrimination is **ILLEGAL**.

The Worcester Fair Housing Project works to end housing discrimination. One of the ways we do this is by sending fair housing testers into the community to investigate claims of housing discrimination. We train our testers thoroughly, and offer small payments for any testing done for us.

#### **Benefits of becoming a Fair Housing Tester:**

- We provide all training in advance of testing and pay \$75 for attending the training & completing a practice test
- No experience necessary
- Limited time commitment
- Earn \$25-60 for assignments

#### **Requirements for Fair Housing Testers:**

- Must have own transportation
- Must have a telephone
- Must not have felony conviction or convictions of crimes involving fraud or perjury
