

Employer Success Story

AllCare Pharmacy, Inc. in Worcester has been working with Workforce Central for over six years. They know where to turn when they have trouble finding the correct applicant to fill a position. In this specific instance, AllCare was finding it very difficult to find a qualified candidate that would work part-time as a custodian. They had been looking for several months with no luck.

AllCare Pharmacy made a phone call to John McCarthy, Business Service Representative (BSR), who noted the qualifications, expectations, and job description needed for the position. John met with Veteran Representatives, Bill Ryan and Tom Forhan as part of Veterans' Priority of Service, and inquired if they had a customer that fits the bill (pun intended). Bill thought of a Veteran that matched John's notes and would be a perfect fit. Bill connected the Veteran and AllCare Pharmacy. The Veteran interviewed and was hired! One call to Workforce Central filled the position.
