

Central New England's Largest Job Fair A Huge Success

On May 13th, all three Workforce Central Career Centers located in Central Massachusetts worked together to host one of New England's largest job fairs. A total of 157 employers participated in the fair including representatives from healthcare, construction, bioresearch, medical, retail, and education. Seeking to fill these positions were a total of 2,022 job seekers. Both the job seekers and employers alike were thrilled at the quality of this year's event and the large turnout is a testament to the work of the career center staff which promoted the fair via word of mouth, flyers, seminars, [workshops](#), and [social media](#). Following the job fair, Workforce Central Career Center Director, Janice Ryan Weekes, said, "I'd like to thank all the career center staff for all their hard work to make this event such a big success."
