For window cranks/hardware Andersen will need the information etched in the lower corner of the window. Look closely for the "Andersen" logo. There are numbers across the bottom near the logo and up the side near the logo similar to this;

Bottom; NFRC 001/002 HP Low-E

Side; ICCB CBA IGMAC CIG - 3. 7 4 - 04

Your numbers will differ and do not use these "example" numbers as it may result in receiving the wrong parts.
