

# Move to Excellence

May 4-8, 2015

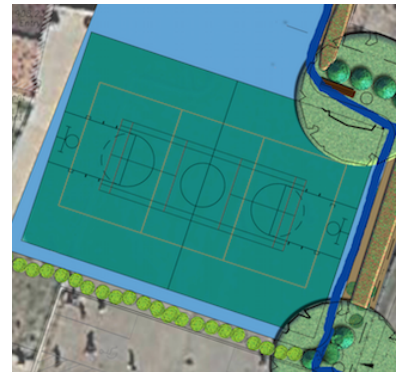

Help us finalize our dream of building an outdoor sports court and furnishing the Aula with performance lighting! With your support, we're hoping to raise \$30,000 for performances & sports.

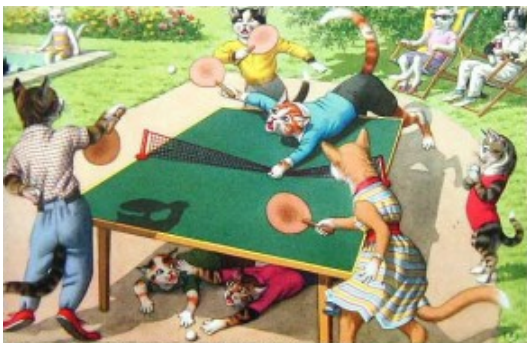

Performance Lighting

Performance lighting focusing on lighting the stage area with LED stage lights so that performances and presentations can happen in a much nicer space. We are also looking at replacing all of the incandescent halogen fixtures with LED fixtures in an effort to bring our electricity consumption down.

Multipurpose sports court with sports-friendly surface and adjustable basketball hoops, soccer nets, tennis and volleyball nets/poles.

Multipurpose Sports Court

Ping Pong Table

As a bonus, anything we raise beyond \$30,000 will be invested in additional playscape equipment (for example: 1-2 ping pong tables, or basket swing)!

To make a donation, go to the TCGIS homepage ([tcgis.org](http://tcgis.org)) and click on the following icon on the right sidebar!

Together, we can do great things for our students!
