Where Challenges and Ideas Connect.

Let's face it, if you don't have a strong connection with your creative partner, then your brand's live marketing initiatives may be in jeopardy.

Established in 1978, Exhibit Concepts, Inc. is an expert in the Design, Production and Management of Branded Environments.

We find the connection between clients' problems and our solutions to turn ordinary interactions into extraordinary engagements.

"Exhibit Concepts did an excellent job translating the Mazak brand, the innovative nature of our company and the unique design of our machines into a dynamic, effective booth design that differentiated us from our competition. Trade shows represent a significant investment and an important opportunity to interact with our customers and prospects, so it's critical that we make the most of the experience, and Exhibit Concepts helped us do that."

Brian Papke | Mazak Corporation

"ECI blew everyone out of the water."

"They listened to everything we said and made us feel like we were going to be a key client of theirs."

Tracy Parker | Katadyn Group

"We selected Exhibit Concepts as our new exhibit partner based on their exceptional design skills and their promise to deliver outstanding customer service. They have proven both of these to be true."

"Throughout the new build process they always made sure to communicate progress, hit our deadlines and work within our budget. They made our transition a smooth process."

"Our team would recommend Exhibit Concepts to anyone who is looking for a creative company that follows through on what they promise."

Nina Sossamon-Pogue | Benefitfocus
