

Enough Abuse: Community Awareness Breakfast

1 in 4 women and 1 in 6 men report having experienced child sexual abuse. These are statistics that no one wants to talk about. Child Sexual Abuse that is not addressed is a leading cause of adult health problems. Up to 40% of children who are sexually abused become abusers themselves. **Child Sexual Abuse is a Public Health Epidemic.** It's time to talk about Child Sexual Abuse.

You are invited to attend our Enough Abuse Awareness Breakfast in April in honor of National Child Abuse Prevention Month. Please join us as we welcome Jetta Bernier, Executive Director of MassKids – a state-wide child advocacy organization with a 55 year history of advocating for Massachusetts' most vulnerable children.

TO RSVP or for more information, please e-mail chrism@indhouse.net

Who should attend: All Interested Parties: human services providers, business managers, parents, educators, community leaders, law enforcement, press, survivors and supporters

When: Friday, April 15, 2016
9:00-11:00AM

Where: Cape Cod Family Resource Center, 29 Bassett Lane, Hyannis, Massachusetts

Why: April is Child Abuse Prevention Month

The Enough Abuse Campaign is a comprehensive state and community mobilization initiative working to build a movement of concerned citizens educated about child sexual abuse and engaged in direct actions to prevent it. The Campaign's mission is to prevent adults from sexually abusing children today, and to promote the healthy development of children and youth so as to reduce sexually abusive behaviors from occurring in the future.

enough secrets + enough shame + enough hurt + enough confusion + enough denial
