Cape & Islands Regional Domestic Violence Council Quarterly Meeting

FBI Victim Assistance Program (VAP)

Assisting victims of federal crimes supports the FBI's mission to protect our nation and its people. As a vital partner in the FBI's response to crime, Victim Specialists work directly with FBI Special Agents and serve as the critical link to ensuring that victims of crimes investigated by the FBI are provided their legal rights and are connected to necessary and critical support, services and resources. Kathleen Liner, Victim Specialist, will provide an overview of the Victim Assistance Program.

Presenter: Kathleen Liner is one of three FBI Victim Specialists assigned to the Boston Division, which oversees FBI operations in four states: Massachusetts, Rhode Island, Main and New Hampshire. In her role as a Victim Specialist, Ms. Liner is responsible for direct victim services and ongoing support to all federal crime victims identified in FBI investigations with priority to crimes against children, violent crimes and civil rights violations.

Monday, June 20, 2016

1:30 - 3:30pm

**Harbor View Conference Room, Barnstable County Complex,
3195 Main St., Barnstable Village**

All are welcome!

RSVP appreciated but not required. RSVP to cherylc@indhouse.net

The CIRDVC is comprised of human service and social justice organizations, prosecution, corrections, probation and law enforcement agencies, attorneys and concerned individuals that meet quarterly for the purposes of networking and professional development regarding the issues that surround domestic violence.
