

BEGINNING WEDNESDAY, JANUARY 13TH, 2016 GUIDING GOOD CHOICES

Parenting teens and tweens is tough and important; you don't have to go it alone!

The Guiding Good Choices curriculum consists of four interactive workshops designed to teach participants how to establish clear family guidelines, give children the tools and opportunities they need to make good decisions, improve children's involvement in the family, and enhance overall family connectedness.

Brought to you by:

Gosnold
ON CAPE COD
