

“Our family was very excited to have our exchange student, Benedetta live with our family for a semester. We enjoyed learning about Benny’s life in Italy and the differences she was encountering here as an American teen. She was a wonderful addition to our family and we are especially excited to see her and her family this summer in Milan, Italy. The Ergon Exchange program did an excellent job finding someone who fit so well with our family. They are a small program with a director that personally interviews all parties to ensure a good match. The Ergon exchange program provides the option to have the local student live with the student’s Italian family for up to 3 weeks and our daughter is looking forward to that too! An additional bonus is that Ergon pays for part of the flight cost for the visit. I encourage any interested family to investigate this program further at www.ergon-se.org.”
