

Insights to Engineering & Manufacturing Night

Lake Washington High School

Theater, Commons and Career Center

Wednesday, November 18th, 6:30pm – 8:30pm

(Drop-ins welcome)

LWSD parents & students (middle and high school) are invited for an evening to explore engineering and manufacturing disciplines, job opportunities and educational pathways.

This is a chance to meet industry experts in fields related to engineering and manufacturing, discover jobs and to explore pathways to find a rewarding job and connect with Career & Technology Education teachers in your learning community. There will also be information on tuition help for college.
