

Greetings Sorors!

This month, we are celebrating National Collegiate Transition Month as Soror Walker addressed in last month's 25<sup>th</sup> on the 25th. The Collegiate Transition Taskforce (CTT) hopes you share in our excitement as we approach this great month that allows for Collegiate and Alumnae Sorors to come together to foster and promote relationships between chapters through Sisterhood, Scholarship and Service. We look forward to seeing the wonderful ways your region will "***Come and Grow with Us***" during CTT Month 2016!

CTT has developed three necessary documents to comprise the **CTT Toolkit** that are essential in the transitioning process: the **CTT Handbook**, the **CTT Checklist**, and the **CTT Transition Directory**. The CTT Handbook provides the history/purpose of CTT, strategies for an effective transition, CTT Programs and suggested activities. The CTT Checklist is a guiding tool to assist in outlining the steps and timelines for an effective transition and the CTT Transition Directory list alumnae chapters in each region and whether they waive local dues for recently graduated collegiate sorors.

We view these three documents essential in the planning and preparedness of transitioning to Alumnae Chapters and hope that they serve as a great resource to you. Please remember to use the hashtag **#CTTMONTH** on social media to highlight your activities so that we can follow along with what you are doing!

Sisterly in Delta,

Sherina Maye Edwards  
Jacquita Johnson
