Shelley Pleines Nybakke

We are SO EXCITED to announce that Shelley Pleines Nybakke is coming back to Stony Creek Bead!!!

Shelley requires that *all students must have a good working knowledge of Right Angle Weave (RAW)* before coming to these classes. If you do not yet know RAW - let's talk right away about classes, private lessons, and/or books that can get you to where you need to be.

As with all of our classes, the first person to pay gets the spot. We are limiting all of Shelley's classes to just 12 people. Please call the store at **734-544-0904** to sign up.

Since Shelley is coming to us from out-of state, we will not give any refund for cancellations unless we can fill your spot from the wait list. Thank you for your understanding.

Kisses on the Bottom

Friday, August 21 10:30am-4:30pm \$90

The first time I ever had the name before I had the project. I wrote this name down several years ago to use and was finally inspired with a few kisses. Layered Right Angle Weave.

Firepolished

Saturday, August 22 10:30am - 4:30pm \$90

Back when I first started dating "Firefighter", my friend, Veronica Velong, always called him "Firepolish" instead. I thought that was worthy of a project. Yes, I've been Firepolished. This is Right Angle Weave with RAW 3D layers of embellishment. I should have named it "Got it All" because it does. Firepolish, pearls, and crystals. It's a good display of all you got!

Round the Bend

Sunday, August 23 10:30am - 4:30pm \$90

I would love to say it's my genius engineering skills, but it wasn't. It was a mistake. A good mistake where I just kept going to see what it would do. And what it did was something very very unique. Lovely gradual curves all around your wrist. Right Angle Weave of course.
