What’s Changed About Change Leadership and What To Do About It?
Specially Designed for Private School Administrators

This one day presentation is designed specifically for Private School Administrators. As an attendee, you will:

- Gain a renewed understanding of a change leader's point of view.
- Identify a variety of change strategies, tools, and resources for instructional transitions.
- Apply concepts of change leadership by drafting a change plan.
- Receive materials to continue the change process at your school site.

Benefits to Private School Administrators:

1. You will have time to collaborate in small groups facilitated by peers.
2. Following the workshop, online coaching in peer cohort groups will be available.
3. Online facilitators are experienced educational leaders who understand the private schools experience.

Dr. Smith will be following up with two additional sessions Fall and Spring. Watch for more information.
