

MAKE ME A MILLIONAIRE INVENTOR

CNBC's hit business series is **NOW CASTING INVENTORS!**

This is your opportunity to team up with our **EXPERTS** and get your **INVENTION** seen by potential investors and industry buyers.

- Do you have an amazing idea or invention and need help?
- Do you have a prototype but no means to manufacture?
- Did you get through the patent process and then give up?
- Do you still need money to help market your invention?
- Is your invention sitting at home instead of sitting on a store shelf?

Email us your name, number, email, two recent photos, a brief **NON-PROPRIETARY** description of your invention and tell us why your invention needs help.
