Role of School Health Advisory Boards in Promoting Healthier Food
and Physical Activity Environments

Join us for the *Promoting Healthy Weight* colloquium, which is **FREE** for both online and onsite participants! This is the seventh in a series of biannual colloquia, with the last two colloquia being offered on Friday, September 28, 2012 and Friday, March 15, 2013. This spring's colloquium will target programs and policies for the promotion of physical activity and healthy eating for children and adolescents in the school environment. Colloquium presentations are intended for researchers, practitioners, and family members. Registered Dietitians, Certified Health Education Specialists, and Social Work Instructors at The University of Tennessee can receive continuing education credits. For more information go to: <http://nutrition.utk.edu/seminars/HealthyWeightColloquium.html>.

This colloquium is partially supported through grant number T79MC09805, from the Health Resources and Services Administration's Maternal and Child Health Bureau, U.S. Department of Health and Human Services.
