

LATRINES FOR LIFE

SANITATION PROJECT CAMBODIA

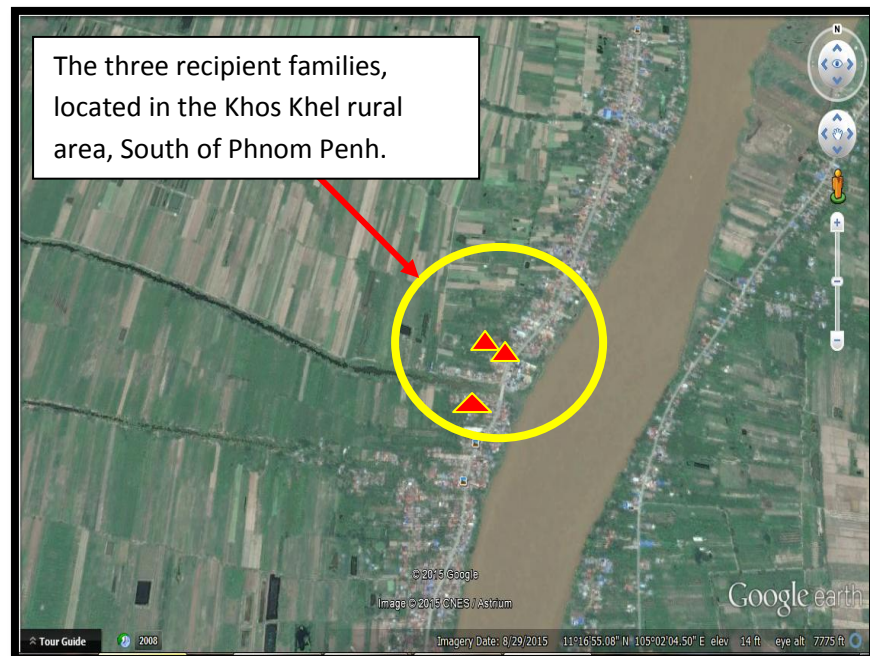

ABOUT CAMBODIA

Cambodia is the country in Southeast Asia that borders Thailand to the west and northwest, Laos to the northeast, Vietnam to the east, and the Gulf of Thailand to the southwest, the geography of Cambodia is dominated by the Mekong River (Tonle Mekong) and Tonle Sap Lake.

Cambodia has an area of 181,035 square km and lies entirely within the tropics, between latitudes 10° and 15°N, and longitudes 102° and 108°E. It has a 443 km coastline along the Gulf of Thailand.

Cambodia's climate, like that of the rest of Southeast Asia is dominated by monsoons, which are known as tropical wet and dry because of the distinctly marked seasonal differences.

Cambodia has a temperature range from 21 to 35 °C (69.8 to 95 °F) and experiences tropical monsoons. Southwest monsoons blow inland bringing moisture-laden winds from the Gulf of Thailand and Indian Ocean from May to October. The northeast monsoon ushers in the dry season, which lasts from November to March. The country experiences the heaviest precipitation from September to October with the driest period occurring from January to February.

Tep Or Chun and Prek Keo Villages are located in the Khos Khel region of Saang District, Kandal Province, where many families do not have toilet facilities. The Cambodian NGO, Solidarity Fund for Rural Development, and Latrine For Life (Microloans For Mothers) are coordinating the project, which focuses on rural areas where poor and unprivileged families have their homes. Here are comments from the three recipient family - as told from translation from by our Latrines For Life director in Cambodia:

1. **Mr. Chhun Mak and wife** (they have 6 children): "They are very happy to get the latrine so the children can use it on a daily basic. He says thank you for your generosity and kind to build this latrine for his family. We are living in the rural area cannot afford it. Your donation is making a changing and hope to our family and we are remembering your gift today and forever."

Construction activities and photos of home and family

2. **Mr. Pol Kang and wife** (they have 4 children and 4 nieces): "Now they have the normal toilet to use as for family. They say thank you very much for your donation to their family. They are very happy to get this facility to support their daily life. Their dream is become true, they are enjoying with the latrine now and they will remember your gift for today and forever!"

3. **Mr. Teav Run and wife** (they have 3 children, 3 nieces, his father and his mom): "They are very happy to get this latrine support from your donation. From now, our family has the normal toilet so we can use it on a daily basic. Our family would like to say thank you for your kindness and to build this latrine for my family. We thank you for your love and kindness to share your fund with my family. We are remembering your donation today and forever. You are all bringing hope into my family!"
