

PROVIDING MENTORSHIPS TO CHILDREN WITH SPECIAL NEEDS AND DISABILITIES

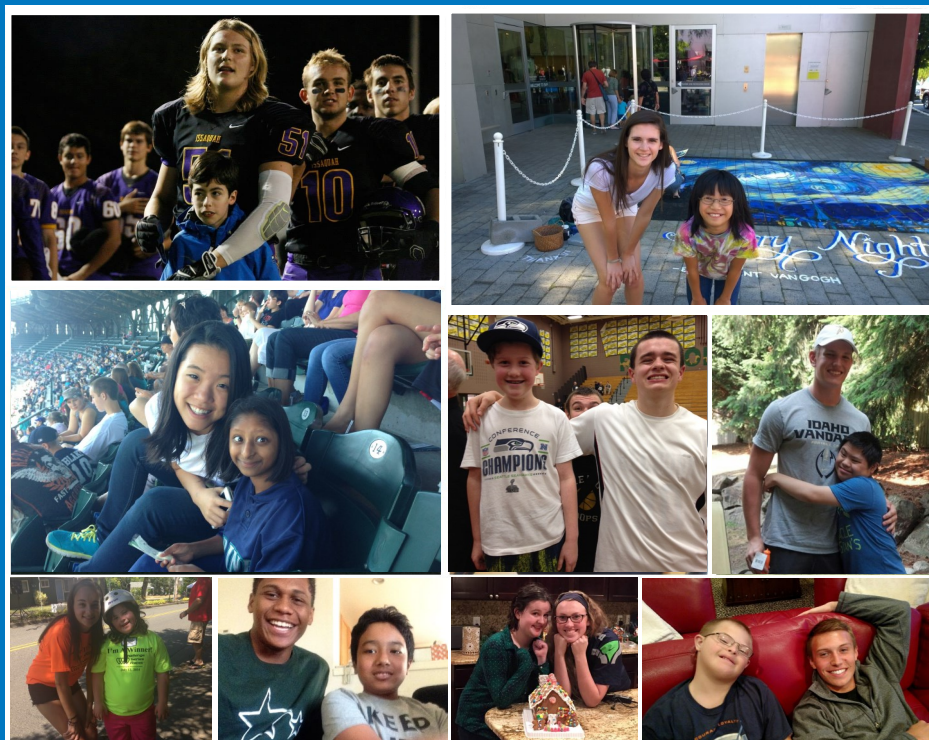

Athletes For Kids changes the lives of children with special needs and the high school athletes who mentor them. We believe that modeling acceptance and inclusion strengthens and transforms our communities.

Our program serves children in 1st through 9th grades who have special needs and disabilities of all kinds. We carefully match each child with a qualified high school athlete who commits to working with their “buddy” for 1-3 years.

Parent Quotes

“Our mentor has been a great impact on our son. He thinks his mentor is funny, fun, awesome, and great and he has a great time with his mentor and looks forward to seeing him every weekend!”

“What a positive impact this AFK program has had on our family! Throughout our son’s life, he has been blessed with special people who seem to really understand what motivates and inspires him, what gives him the validation and self-assurance that we all need to progress and thrive. His mentor has been this kind of friend for our son.”
