

Summer 2016

Dear Future Fifth Graders,

Happy Summer! We hope that you spend lots of time over the summer playing outside and being present with friends and family. While summer is a great time to relax and unwind, it also gives us the time and opportunity to read and continue to learn. Your summer work will be composed of two parts: reading and math.

Reading

Before we meet in August, your job will be to read two books from the list below. All students will read *Pay It Forward* (Young Readers' Edition) by Catherine Ryan Hyde. In addition, you will read a second book of your choice from the list below.

For each novel, you will write a 2 paragraph response to the book. The first paragraph should be a summary of the story. The second paragraph should include your reactions to the book.

For example, what did you think about the book? What questions do you have? What connections can you make? What did you like? What didn't you like? Your responses can be handwritten or typed.

Book All Students are Required to Read

- *Pay It Forward* (Young Readers' Edition) by Catherine Ryan Hyde

Choice Books (Choose One)

- *May B* by Caroline Starr Rose
- *Lawn Boy* by Gary Paulsen
- *Call It Courage* by Armstrong Sperry
- *Matilda* by Roald Dahl
- *The BFG* by Roald Dahl

Math

Please complete the math packet throughout the summer. While working through the packet, you will review your addition, subtraction, multiplication, division, and problem solving skills.

It is extremely important to keep practicing your facts throughout the summer. You have worked so hard in fourth grade to become strong multipliers and dividers; if you do not keep up your practice, you will find that you will be much farther behind when we start fifth grade.

To Review

By the time school resumes in August, you will be responsible for the following items...

Reading:

- *Pay It Forward (Young Readers' Edition)* by Catherine Ryan Hyde
- 1 Choice Book from the List Above

Turning In:

- Completed Math Packet
- A Written, Two Paragraph Response to *Pay It Forward*
- A Written, Two Paragraph Response to Choice Book from the List.

We look forward to learning with you this year. Have a great summer!

From,
Miss Scharm and Mrs. Haitz
