

The History Ministry needs a few good tour guides.

The legacy of Lois Rosebrooks' glorious tenure at Plymouth continues to have us providing informational tours about Plymouth Church's history to school tour groups, tourists, Plymouth members, and the just-plain curious. Tours are usually given after church and, by appointment, on Mondays and Tuesdays. Demand for tours is heaviest naturally during the school year. The History Ministry is eager to expand our pool of tour guides, and we welcome all comers who care about Plymouth and enjoy history. We provide training and guarantee new guides receive the information/background they need. It is a wonderful way to connect with people and continue the Plymouth story. Our tours provide an overview of Plymouth Church's almost 170 years, including its buildings, the pastorate of Henry Ward Beecher, its abolitionist stance in the 19th century, Abraham Lincoln, the Underground Railroad, its today and more.

We will be having an informational / training session in early August, but we would certainly like to hear from you now. Contact Gary Bartholomaeus, Chairperson of the History Ministry, or any History Ministry member if you wish to sign up or simply learn more about what we do. Gary can be reached at **646-602-5907 (mobile: 215-837-1967)**.
