THE

CONSTRUCTION CAREER DAY

When: October 7, 2016

Where: UNLV

Over 1,000 CCSD students will be present. This year we will be opening it up as a career fair to UNLV students. This is a perfect opportunity to host interviews for internships or jobs. The Nevada Contractors Association is the only construction trade group that hosts such a large industry awareness event. These students are the future of the industry and recruiting is vital. Our goal is to get over 100 vendors in participation. We would love your support!
