

## ACHIEVE: A Positive Behavior Program for 10<sup>th</sup> Grade Students at CASHS

Tenth graders at the Chambersburg Area Senior High School who participated positively in a new behavior management program called ACHIEVE were recently rewarded with an ice cream social.

"ACHIEVE stands for Activity, Conversation, Help, Integrity, Effort, Value, and Efficiency. It is a 10th grade positive support program. The program is a result of the efforts of a committee who wanted to help reduce the amount of class tardies (late to class) and cuts (skipping class) for our 10th grade students," explained Lisa Shoenleber, assistant principal at CASHS.

"The committee agreed that students who were in class on time and prepared are likely to be more successful. As a result, the committee focused on these two specific behaviors. We distributed our first reward to students who did just that - came to class on time and were prepared," Mrs. Shoenleber said.

Three flavors of ice cream were offered: cake batter, chocolate marshmallow, and Oreo. Also, three flavors of ice were offered: cherry, blue pop, and root beer. The rewards were funded by a grant from Walmart and a donation from Bruster's.

"Everyone enjoyed the delicious rewards. We are excited to recognize and reward our tenth grade students who are helping themselves be successful!" Mrs. Shoenleber exclaimed.

Zachary Burkholder commented, "It was really fun getting to hang out with my friends I don't always get to see around school. It's also good to see students working harder to be prepared and on time for class."

Students were lined up to receive their first reward (above). They enjoyed hanging out with their friends (below).

The ACHIEVE team and others!
