HOMELOGIC EMAIL NOTIFICATIONS

HomeLogic now has the capacity to send email notifications regarding student absences, new assignments, and new grade notification. Follow these simple steps to set up your email notification:

1. Sign into Home Logic
2. Click on Preferences
3. Enter your email address if it is not already entered
4. Click on your child’s name under the word “Preferences”
5. Check the information for which you would like to receive email notifications
6. Preferences will need to be set for each child!
7. You will only receive attendance notifications on the day your student is absent. No email will be sent if the student was present.
8. All email notifications will be sent out at 6 PM daily so as not to inundate you with emails throughout the day and night.
