

RING THE BELL OF LIFE

For The Children's Hospital at Albany Medical Center

With the hope that you too have a special place in your heart for our tiniest patients, we ask you to donate a \$1 to the Kiwanis NICU equipment fund and Ring the Bell of Life!

Imagine a baby so tiny, she fits in the palm of your hand...

Imagine a child so light, he weighs more than a pint of milk...

Imagine the intricate care required to keep these babies alive...

This year, the Bells of Life will support a new piece of equipment (a giraffe) for our Neonatal Intensive Care Unit (NICU)!
