present

# **“FIX IT HEALTHCARE AT THE TIPPING POINT”**

**Bethlehem Public Library**

451 Delaware Avenue

Delmar, New York

**Sunday, December 20, 2015  
at 1:30 p.m.**

This new 55-minute film made from a businessman's perspective, takes an in-depth look into how our dysfunctional and inefficient healthcare system is damaging our economy, suffocating our businesses, discouraging physicians and negatively impacting the nation's health, while remaining un-affordable for a third of our citizens.

This is the first showing in this area.

**Discussion of the film will be facilitated by  
Dr. Andrew Coates and Dr. Richard Propp**

Co-sponsors: Single Payer New York, League of Women Voters of New York State
