Tuesday, November 17th Strengths Revolution

Research tells us that people who use their strengths more are happier, experience less stress, have more confidence, and experience accelerated growth and development. That's just a few of the benefits. This month we're going to take a fresh look at what it means to be a part of the strengths revolution. Productivity and quality of life for individuals and companies can be positively impacted when a strengths-based approach is implemented. Join us for a discussion on how to participate, what you can expect, and examples of how a strengths-based approach has helped other individuals and companies.

Dear Friends of Best Southwest Partnership,

You are cordially invited to participate in the Best Southwest Partnership's **2015 Health Expo** on Saturday, November 7, 2015, either as a Vendor, Sponsor or as an interested attendee. This community-wide event for the whole family will be held at Methodist Charlton Medical Center and is open to the public as an effort to improve Health Care in our region.

As you know, the Best Southwest Partnership focuses on three **Core Initiatives** to improve the **Quality of Life** in the BSW Region - **Education, Transportation** and **Health Care**. Each Initiative is overseen by a committee, with the Health Care Committee being chaired by Dr. Cynthia Mickens Ross.

Please mark your calendars for Saturday, November 7, 2015, and help us improve Healthcare in the BSW Region!

What is Proposition 7?

Proposition 7 ("Prop 7"), a constitutional amendment drafted by legislators in the 84th legislative session and authorized by SJR 5, will appear on the November 2015 statewide ballot. The amendment would authorize a new, stable source of funding for transportation in Texas, dedicated to the construction and maintenance of roads. Upon passage, Prop 7 would dedicate a portion of the general sales and use tax and the motor vehicle sales tax to the general highway fund.

The amendment would provide a significant step toward meeting the unmet funding needs for transportation projects in Texas. The ballot language for the proposition reads:

"The constitutional amendment dedicating certain sales and use tax revenue and motor vehicle sales, use, and rental tax revenue to the state highway fund to provide funding for nontolled roads and the reduction of certain transportation-related debt."
