Cedar Hill Chamber of Commerce: Newsletter

Helping Business Do Business

A word from Chairman...

Greetings Everyone and Happy 4th of July.

As we enter this holiday summer weekend, I started thinking about exactly what it means to be in the middle of a Cedar Hill summer. Well we know we will have at least 16 days at or above 100 degrees. We know for the next 10 weeks we are likely to have less than 2 inches of rain. We know we will not see 60 degree temperatures (day or night) until October, Wow!

However, it is not all bad. Our kids are out of school so we will have more family time. Lucky families will take vacations over the next 8

weeks. The days are long and filled with all types of sports, church, and community activities. During the evenings it starts to cool down and you may find a number of us with friends and family on outside restaurant decks, attending or hosting a barbeque, or enjoying the evenings with a significant other.

We at the Chamber will be doing the same summer things with our friends and family, but we will take time out to continue our support of Chamber events and to execute Chamber business.

There will be changes in the back half of 2016 but as we all know changes bring opportunities and it is our goal to explore our opportunities and continue to grow the Chamber and better serve the businesses in our community.

I wish everyone a safe and happy summer and I look forward to working with the Chamber to enhance our membership and strengthen the community.

“Shop with and Support Cedar Hill Businesses.”

5 Important Questions to Ask Yourself About Your Payroll

Do you feel like you explain your business, payroll and tax questions to a new person every time you call for support?

Are there things you wish your payroll company would do for you but won't or it's too expensive to implement?

Was your ACA (Obamacare) reporting confusing and cumbersome; and you're still not sure if it was even correct?

Do you think you are too small or it's too expensive to use a payroll company?

Are you at wit's end with your payroll vendor and wish someone could make the whole thing easier – like a *REAL PARTNER who will take the time to KNOW YOUR BUSINESS?*

If you answered YES to any of these questions,
then it's time to talk to Paragon.
