

Figtree Organics Farm Field Day

This field day has been funded as part of an Australian Government National Landcare Programme grant to promote sustainable agricultural practices to the farming and wider community. This is the second event as part of Clarence Landcare's project "Showcasing Organic Beef and Pork Farming Practices in the Clarence".

- Showcasing sustainable land management through high density grazing
- Covering all issues of an organic beef grazing enterprise from paddock to plate.
- Foundation components of effective ecosystem processes. Why is this so important?
- The power of staying focused on positive actions towards the future 'you do want'. Including an introduction to 'The iChoose Movement'.
- Guest speakers include:
- Peter Hasstie from NASAA talking about the steps to organic certification and market access.
- Find out about upcoming organic on-boarding workshop .

There will be a casual dinner to be held after the field day for anyone interested in coming along. Place and cost to be confirmed depending on numbers. Please RSVP as soon as possible if interested in the dinner. Figtrees Organic farms beef and other local produce prepared by our friends at heart and soul.
