

## **Weekend Events big hit for all**

***By Linda Erickson, Events & Activities director***

This is the last month for Weekend Events in Portland, and as you are reading this, the Year-End Fun Finale has concluded a great season.

I can't believe our golf season is almost over and we have been having great golf weather, in the 70s and sunny. So, you can still go out and play with your EWGA friends and take advantage of the Indian summer.

I think we had an awesome year of events, I hope you were a part of it. There was plenty of opportunities – two Weekend Events with overnight play and 12 other events within the Portland/Vancouver area.

All told, Portland Chapter members and guests played 375 rounds of golf at our Weekend Events, for an average of nearly 27 players an event. With such great attendance, we didn't have to cancel a single Weekend Event this year. I can't but wonder if the Early Birdie pricing helped. This is one of the questions on the year-end survey.

Speaking of the survey, did you put in your two cents'-worth and add your favorite course for next year? Also, we'd appreciate any comments on the good, the bad and the ugly so we can offer what you want and more.

I want to thank all of my Events Committee members for their hard work, dedication and time they invested in this year's Weekend Events – **Ann Chapman, Stephanie Kang, Tami Latham, Janet Spriggs, Mari Border, Susan Weiner, Carol Fine, June Hall, Halley Kramer, Michelle Lennox and Jen Piper.**

Please welcome **Susan Weiner**, as I am stepping down next year and she will be the new Events and Activities director. Susan is putting together a committee and could use your help, so if you would like to volunteer on next year's events, please contact her.
