

## **Worth your while to help plan events**

***By Susan Weiner, Weekend Events director***

In 2015, each EWGA-Portland weekend golf event you attended was 100 percent member/volunteer organized and coordinated. And now it's time to decide which golf courses to play on weekends during the 2016 season.

The Weekend Events committee runs on member energy and your help is needed! Join the Weekend Events Committee. You'll attend two-to-three meetings, help choose weekend venues, and coordinate an event – all with a great, fun group of volunteers *working together*.

Are you afraid you aren't capable of helping? Nonsense! No prior experience necessary. No outrageous time commitment. The committee chair and other committee members help, so you aren't doing it all yourself. Golf courses already know how to coordinate events, write the contracts and help you get set up the day of the event. No heavy lifting.

What's in it for me, you ask? Putting on an event to be proud of and making so many people happy! Being more involved in the sport you love and the organization that helps make golf so much more enjoyable. Getting to know other EWGA members better. Learning great skills.

Yes, of course it takes some time, but it doesn't take *all* of your time, and the results are so very worthwhile.

How do you get involved? **Email Susan Weiner, Events & Activities director, at: [events@ewgapdx.com](mailto:events@ewgapdx.com) and say YES, I'll help!**
