

Match Play opens chance for travel, friendships, fun ***By Janet Orzechowski, Match Play co-chair***

My personal experience with the EWGA Cup match play series is that I have opportunities to golf on some of the most amazing golf courses in the country. Opportunities to play these destinations that I would otherwise never have.

You do not have to have a single-digit handicap to be part of a team. Past winning teams are ladies from all flights. The 2015 Match Play national champs, our very own EWGA-PDX team The Green Gang, is a perfect example. Handicaps ranged from 14-33. How cool is that!

Of course, my nerves always kick up in competition, but I remind myself that everyone is probably feeling the same. Everyone is there to do their best that day and I *hope* my GOOD game shows up, but most of all have a fun day.

Isn't golf an amazing sport!
