

Georgia Baptist Prayer Request

Stacy Dyer

Stacy joined the state missions staff in 2014 as consultant in Church Revitalization and Leadership. This area of ministry seeks to establish mentoring networks among Georgia Baptist churches in order to strengthen and encourage church vitality. Please pray for Stacy as he works to strengthen our Georgia Baptist churches.

North American Prayer Request

Ron and Debbie Elliott

Bellevue, NE

Ron is a hospital chaplain serving in Nebraska. "Pray for God's continued direction in starting a new campus of Lifespring Church, SBC, in Bellevue, Nebraska. I have been asked to start a new campus of the church in a luxurious independent living retirement facility, still under construction, which will have more than 200 residents when complete. Pray that God will put the ministry team together, work out all the logistics, that people will be saved and baptized, and that God will continue to open doors for ministry and service to the people who live there."

International Prayer Request

People of Richlands, East Asia

This year, Lunar New Year falls on February 8. At the end of January, college students will be returning to their hometowns for winter break and to celebrate the New Year with their families. For many students who are new followers of Christ, this will be their first opportunity to share with family members about their decision. Some will be affirmed in their newfound beliefs, but many will be opposed. Some students may even buckle under pressure and recant their decision. Please pray for students as they return home and share the gospel with their families. Ask the Holy Spirit to make them bold and secure in their faith. Pray that entire families will be saved through the witness of college students returning home to share with their family members. To God be the glory!
