

WFN 2016 FAST PITCH COMPETITION: PROVIDING ACCESS AND CONNECTIONS TO A NEW GENERATION OF WOMEN LEADERS

With access to WFN, you will be part of and facilitate capital raising, visibility and mentorship for a new generation of upcoming women leaders building high-growth businesses. Our organization's focus and goal is to connect women founders building high-growth businesses not only with the required capital but also with the talent, connections, mentorship and sponsorship that they need to grow scalable, transformative, successful businesses. Our goals are well-aligned with today's leading companies' need to **embrace diversity and engage a new generation of critical business leaders**.

Women entrepreneurs building high-growth businesses are invited to apply to compete in our annual competition for a prize package of cash and in-kind professional services. Three judging rounds will result in our team of judges and advisors identifying the stars, and the top 10 entrepreneurs will receive individualized coaching and present at the Fast Pitch event on **October 20, 2016** in Los Angeles, CA. The winner and four runners-up will be determined by our panel of judges and will receive cash and service awards.
