

## What Migration Agents Need to Know About Professional Indemnity Insurance

Ok, so I know what Professional Indemnity is.. but just explain it to me again.

Professional Indemnity cover provides financial protection from the cost of any legal action taken against you and your business for the service that you have provided.

So let me get this straight – why do Migration Agents need it?

When providing services to others, we can make mistakes, overlook a critical piece of information, forget to do something, misstate a fact, be misunderstood or misinterpreted, or even misplace something. The list could go on! Professional Indemnity insurance gives Migration Agents, peace of mind that their assets are protected if they do face legal action as a result of their work.

What sort of things would I be covered for?

- Incorrect advice or errors on Visa applications
- Late lodgement of documentation
- Incorrect advice on migration issues
- Failure to provide information regarding migration country.

**If you can find a cheaper quote for comparable coverage, we will match it!**

**“Pro-active. Always willing to assist. It is not frustrating to deal with them. Their online services are quick and easy to use”**
