The Face to Faith program is an after-school teen initiative for students in the 8th -12th grade who are interested in learning more about the diversity that surrounds them in their every day lives. Students and advisors travel to four student-chosen locations over the course of the school year where they learn about the faith traditions and customs of each faith, share a meal with volunteers and spend time together dispelling myths and stereotypes and building respect and understanding about one another's faith traditions.
