KG-5 Bench Top High Shear Granulator/Mixer

- Cost effective, state-of-the-art, bench top high shear granulator/mixer. This unit is ideal for R&D laboratory usage for the processing of small batches and has the flexibility for scale up
- Interchangeable bowl system for different batch sizes (1 liter, 3 liter & 5 liter)
- Main propeller has a 3-blade design with speeds from 50-750rpm
- Options include variable speed chopper (1,000-10,000rpm) and a liquid addition system
- PLC control system
- Standard printer output for recording recipes and parameters from automatic operations
- Quick release components to facilitate easy cleaning
- Validation package (IQ, OQ, Calibration, Certification)

Countec DMC-CQ2 Tablet/Capsule Verification Counting Machine

- Designed to verify the counting of any shape and size tablets or capsules
- Perfect for performing quality checks on the packaging line or in the QC lab
- Easy to use touch screen with a built-in printer used for quality control and data management
- Accurately counts batch sizes from 1 – 9,999
- 2 liter hopper feeds the vibratory product feeder (5 liter hopper is available)
- Adjustable container platform to accommodate bottle height and diameter
- All product contact parts made in stainless steel 316 and food approved plastic, easy disassembly for cleaning with a minimum of required tools

INTERPHEX, sponsored by Parenteral Drug Association (PDA), is a leading annual industry event dedicated to showcasing pharmaceutical and biopharmaceutical innovation, technology and knowledge. It brings over 12,000 global pharmaceutical and biotechnology professionals together with 600+ suppliers via 300,000sf of event space through a unique combination of exhibition, education, workshops, partnering opportunities, and networking events.

You'll find...

- MORE Technology than Ever—30,000sf of Additional Technology and Innovation on the Show Floor!
- Direct Access to the Largest, Most Innovative Biologics and Pharmaceutical Manufacturing Technologies
- MORE PDA Technical Education via 5 Innovation Stages at no cost to badged attendees
- INTERPHEX LIVE! Our Live Studio Featuring Industry SMEs Sharing Expertise on Technologies
- See Recognized Cutting-Edge Technologies and Value-Added Solutions and Services via 2015 INTERPHEX Award Winners

REGISTER as our guest for INTERPHEX 2015 & receive FREE exhibit hall admission here and access to no cost educational programming>=""><="">
