WHY WOOD BADGE?

FOR THE MOST FUN YOU CAN HAVE GETTING TRAINED.

Wood badge leadership training was originally presented by Lord Baden-Powell for Scouters throughout the world. It completes Scouting's Basic Leadership Training program for all levels of Scouting and consist of two parts.

PRACTICAL TRAINING

The first part is a six day learning experience taught over two weekends. On the first weekend of the course, participants will sleep indoors and meals will be prepared by the staff. The second weekend will be in an outdoor setting where participants will sleep in their own tents and cook for themselves. During these six days, participants are trained in and practice leadership skills to better serve the units (programs) they are involved with. This team development and leadership model will become an invaluable tool in all aspects of your Scouting, business, and personal life. With the help of a staffer, and utilizing what you have learned, you will develop a "ticket." Your ticket is a set of five personal goals designed to strengthen the program in which you are involved.

APPLYING YOUR NEW SKILLS IN YOUR HOME UNITS AND DISTRICT.

The second part occurs after the six day Practical Training phase. Each participant has up to eighteen months to complete the Application Phase by meeting the goals they established in their Ticket. During this phase, you will be guided by a counselor who will serve as a mentor and Scouting friend.
