

We currently have some amazing friends waiting to meet you – like **Mason** and **Momo** for instance. Meet these inspiring dogs who don't let life on three legs slow them down!

Mason

The first time we met Mason was when he was transferred to us from a Lake County shelter in 2013. He'd been hit by a car and had to have his front leg amputated. By the time he arrived here at SHS, he had already adapted to being "tri-pawed". We fell in love with his soulful brown eyes and the gentle way he interacts with people. It didn't take long for others to recognize his beautiful qualities and he was soon adopted. Sadly, years later, his family needed to move to a place where pets weren't allowed. Mason is back with us and we are actively seeking a home for the 4 ½ year old Shepherd mix. We don't consider his 3-legged status a challenge at all – and neither does he! He enjoys playing and moderate activity, he also knows "sit", loves attention and being by your side. He is not too fond of being hugged though, so for this reason we think he'd do well in a home with older, gentle kids who can respect his preferences. Other pets in the home are a possibility and our training team can recommend the best way to introduce them.

Momo

This handsome 2 year old German Shepherd mix came to us with a front leg that was so badly injured and infected that it was beyond repair. Since healing from amputation surgery in a loving foster home, Momo has been winning our hearts with his playful and smart demeanor. He loves food and treats! If you'd like to bring Momo home and have other dogs, our team can offer guidance on how to manage his love of food around your other pets. Momo also loves toys! While he can entertain himself with toys, he'd much rather have you toss them for him - he thrives with interactive play! A cat-free home is probably best with this active fellow.

To learn more about Mason and Momo, please view their profiles [here](#). Meet our other adoptables [here](#)!

When you [donate to our programs](#), you play an active role in saving animals like Mopsy and Roxanne (see our *Happy Tails* feature this month!)... and Momo and Mason just to name a few. [With your support](#), every animal receives compassionate care until we can find loving homes for them – no matter how long it takes!
