ART PLUS LOVE

Do you have a
favorite animal,
character or sport?

During this week of
creativity campers will
begin by selecting a
personal subject to
explore. We will use
multiple mediums, from
pastels to paint and
papier-mâché to clay, to
produce artwork that
incorporates various styles
and methods while
exploring some of our
favorite things.

“The aim of art is to
represent not the outward
appearance of things, but
their inward significance.”
