

2015 NC-SNAP

Examiner Certification Schedule

NC-SNAP certification is available to professional DD staff that are responsible for completing or reviewing NC-SNAP assessments as part of their job responsibilities. To facilitate the registration process, staff responsible for completing the NC-SNAP should request NC-SNAP registration via their LME/MCO training coordinator. The LME/MCO training coordinator will ensure that all persons requesting NC-SNAP certification have the proper credentials and are in a position that require them to complete or review NC-SNAP assessments prior to forwarding the registration request for the training. The Qualified Professional is not registered for a scheduled certification class until he or she has received a confirmation letter. This letter is required for admittance.

Please note that typically there is a high demand for NC-SNAP certification training. All staff registered are asked to notify the training site in advance if unable to attend a scheduled training. Registered staff that do not cancel in advance and/or do not show up for a scheduled training session may be prohibited from re-registering for sixty days. NC-SNAP examiner certification requires all of the allotted time; staff arriving late will not be admitted. **The training area will be open to staff by 12:15 on the day of training.**
