**URBAN AGRICULTURE DEMO BY SHORESH  
GUIDED WALKING TOUR OF THE WARD**

Kehilla Residential Programme's 5th annual Sukkahville Design Competition and Exhibition showcases eight international design teams who have reimagined the traditional Sukkah. A Sukkah is a temporary structure built during the Jewish festival of Sukkot to commemorate the 40 years that Jews spent wandering the desert. All funds raised at Sukkahville support Kehilla's affordable housing initiatives.
