Dear Friend,

If you are serious about trading profitably this will be the most important letter you will ever read. Here's what it's all about...

My name is Jimmy Cox and, until very recently, I was a full time engineer and a part time trader. One of my hobbies was tinkering around with trading systems trying to dream up ways to make them work better. I tried out all sorts of ideas until... one day... *I hit the jackpot!*

I swear, I've never seen anything like this. I only wish I could take credit for it. To tell the truth, I wouldn't have rediscovered this myself except for one day when I had stumbled upon an old book named "How I Made 2 Million Dollars In the Stock Market."
