

Friends and Partners to St. Bernard Parish,

Last year the inaugural class of Leadership St. Bernard planned the first community wide effort to engage the civic, elected, and business leadership of St. Bernard Parish with legislators and policy makers from around the state. The event, which was named St. Bernard Parish Day at the Capitol, showcased the unique culture and assets of the community while building relationships and promoting legislative and policy issues that impact St. Bernard Parish.

In all, it is estimated that 200 local and state leaders attended the event and networked while enjoying local chargrilled oysters, Rocky and Carlo's Baked Macaroni, fresh fried fish from Today's Ketch Seafood Restaurant, King Cakes from Nonna Randazzo's, savory soup from MeMe's Bar and Grille, Delacroix Ale from 40 Arpent Brewing Company, plus a host of other delicacies from around St. Bernard Parish. On behalf of St. Bernard Parish, President Dave Peralta, Representative Ray Garofalo, Senator A.G. Crowe, and Senator J.P. Morrell all played host and ambassador, welcoming and networking with colleagues from around the state.

**On April 28, 2015, Leadership St. Bernard will again be spearheading the Day at the Capitol in conjunction with community partners and governmental agencies from across the Parish. With a \$5,000 commitment from the St. Bernard Parish Department of Tourism, we are asking for your sponsorship and support in bringing this unique and impactful event to Baton Rouge again. Your sponsorship will directly fund the food and supplies necessary for making a professional, lasting impression that will attract Legislators and leaders from around the state. Your participation and support allows you the opportunity to meet and discuss key issues with decision makers from around the state while representing St. Bernard Parish. Your presence and engagement help guide our future.**

For more information on Sponsorship or to RSVP your attendance, please contact Lenor Duplessis at [lduplessis@sbgp.net](mailto:lduplessis@sbgp.net) or Stephen Reuther at [csreuther@stbernardchamber.org](mailto:csreuther@stbernardchamber.org) or (504) 277-4001.

Sincerely,

**Kerri Callais, Chairwoman**  
Leadership St. Bernard

## What is Leadership St. Bernard?

Leadership St. Bernard is designed to educate and to engage citizens in identifying needs, resources, and opportunities for St. Bernard Parish. It is a program based on a national model used by Chambers throughout the country to develop individuals as leaders within their communities. While the program is new to St. Bernard Parish, it has a long history of building successful leaders throughout the nation, state, and neighboring parishes.

Leadership St. Bernard is an innovative program sponsored by The St. Bernard Chamber of Commerce and the St. Bernard Economic Development Foundation to assist in preparing emerging community leaders for positions in local government, business, and community affairs. The purpose is to provide a forum that motivates and increases the awareness of potential leaders by giving them an intensive course which encompasses a broad scope of community concerns.
